Hi David,

Not exactly sure how many from RB 5, but Clay Rodgers for sure. From SWRCB John Borkovich has committed to attend. In our emails back and forth there have been many SB and RB folks in the cc list. Mr. Rodgers just wanted to be sure we were following up and developed a schedule to address their concerns.

Jerry Salera, myself, Rob Habel will participate and Pat Perez Acting Oil and Gas Supervisor will likely participate also.

Hi John, one other question about this meeting. Do you know who all will be in attendance? I'm considering bringing one of my staff members who has been working closely with Jerry on the details of this effort, but was not sure how many people were already going to be present. Thanks, David

Sorry, I forgot that part. 9 am to 11 as the RB 5 folks were already going to be in Sacramento for other meetings with the State Water Board.

Hi John,

Thanks for the voice mail message about your call with SB/RB 5 yesterday. I think it's great you are planning a face to face meeting in Sacramento in a couple of weeks with the SB/RB5, and that would be an excellent opportunity for all 3 of our agencies to get together and go over the aquifer exemption status, key issues, and discuss a path forward. If that sounds okay, let's coordinate on timing of that meeting. Thanks, David
